Sir:

Applicant requests that the subject patent be corrected by changing the text of claim 2 as follows:

Column 21, line 6, after the word "that" delete "corresponds to" and insert --specifically binds a binding site on said antigen which overlaps the binding site on said antigen specifically bound by--, as amended in the amendment dated June 27, 1990 and in the Examiner's Amendment included with the Notice of Allowability dated June 28, 1990.

The indicated error apparently was incurred as a result of mistakes made during preparation of the text for printing. The correct text of the claim is clearly shown on page 2, claim 4 of the Amendment filed June 27, 1990, and in the Examiner's Amendment included with the Notice of Allowability dated June 28, 1990, issued during prosecution of the application on which this patent is based, U.S. Application Serial No. 07/055,942. Therefore, Applicants respectfully request that a Certificate of Correction be issued at no charge, in accordance with 35 U.S.C. § 254.
